

ATHENA 850 HE

Basket capacity	250 kg (2 op.)	Direction-control system	Yes
Max working height	7.8 m	Easy-drive system	No
Max height basket floor	5.8 m	Kit for high speed	Max 2.20 km/h
Moving height	4.0 m	Ground emergency	Yes
Powered Standard	Petrol Honda iGX390	Control of inclination	Automatic
Accelerator	Manual	Gradeability	25°
Undercarriage	Retractable	Side slope	21°
Basket levelling	Automatic	Length	2.14 m
Longitudinal levelling front	+/- 13°	Width	0.80 ÷ 1.24 m
Longitudinal levelling rear	Rear +/- 14°	Minimum machine height w/ folded railings	1.88 m
Lateral levelling	+/- 23°	Total weight	1730 kg
Power generator (option)	220V-1kW (iGX390, 1B40)	Compliance	EN 280, ANSI, CSA, ASNZS1418
Electric motor	220V-2kW		
Hydraulic commands	Proportionals		

- Automatic stabilisation outriggers
- Single door access
- Suitable for inclines up to 23 degrees
- Extremely light and compact
- Reduces unsafe work practices
- Track widening
- Suitable for indoors or outdoors
